

Our Story

EBB & FLOW was founded by Susanne Nielsen, who has over 20 years of experience in international trade, marketing and concept development within the fashion and home accessories industry.

Based in London for many years, she returned to Denmark in 2009, bringing with her a passion for interior design and the beauty found in different countries' culture and craft tradition.

The company continues to build on its traditions of combining old with modern, celebrating unique enduring design.

EBB & FLOW

Our Design

EBB & FLOW designs and produces functional and decorative lighting, with all designs created by owner Susanne Nielsen. Using classic British and Nordic style as a starting point combined with a passion for the basic materials glass, crystal, metal and textiles, the result is a style that infuses lighting and glass with a fine airy simplicity and a modern edge and depth of colour. All our lighting designs are made to bring warmth and joy, translated through colours and shapes they inspire and offer lasting beauty.

Our team

EBB & FLOW consists of a small, dedicated team working out of a Danish office. Our vision is to bring sophisticated lighting design to people all over the world.

EBB & FLOW

In achieving this, we work closely with agents and distributors, and often collaborate with interior designers and architects

Our projects

EBB & FLOW lighting are used in various types of projects, from ordinary homes, to hotels, restaurants, and stores. Most recently our Lute collection was used in styling the new VIP lounge the One Twenty Club Wembley.

Our milestones

2018: Agents in 17 European countries and customers in more than 40 countries worldwide.

2018: Entries in two design awards; Darc Awards and the Restaurant & Bar Product Design Awards

2018: Supplying Lute pendants for the exclusive VIP lounge One Twenty
