

## Renewal and unique lights at Clerkenwell Design Week 2019

Spring is a time for renewal. EBB & FLOW will bring colourful lamps, esthetic designs and natural materials such as glass and crystal to Clerkenwell Design Week 2019. The selection will among other things include the recent collection of table lamps, the Horizon pendant, the crystal addition to the Rowan collection and the spectacular pendant, Smykke. EBB & FLOW received a Winner award for Smykke at the German Design Award 2019. The eye-catching design was described by the jury as a product that *“...creates an extremely exclusive and extravagant impression that’s enhanced by the reflection of light”*.

EBB & FLOW exhibits at Clerkenwell Design Week in the iconic building, Fabric. The overall goal is to overwhelm British and international spectators with an experience of designs that are a special combination of British luxury and Nordic simplicity. *“Lights are something that needs to be experienced in real life. It is crucial to visit forums where potential buyers and partners get the opportunity to experience them, by glance and touch”* says designer Susanne Nielsen.

EBB & FLOW is a Danish design company with a webshop, as well as agents and distributors all over the world that are reselling to interior architects and designers, retail stores and private customers. The company has agents in 17 European countries and currently has customers in more than 40 countries worldwide. All designs are by EBB & FLOW owner Susanne Nielsen, made with materials from Italy and Poland and assembled in Denmark.
