

# EBB & FLOW

## Transform your space with the elegant Lute

The Lute pendant has become a symbol for EBB & FLOW lighting. It beautifies many homes, restaurants and stores in all corners of the world. Now, it has been nominated for the German Design Award along with two other EBB & FLOW designs, Smykke and Futura. The three designs are all nominated in the lighting category for 'Excellent Product Design'.

Inspired by perfume bottles, the ancient musical instrument and the passion for creating elegant and beautiful design, the Lute differentiates itself. It is crafted by both glass and metal with distinctive features such as the metal pipe in the top from which the coloured glass broadens and finishes with a round opening.

The Lute is for both exclusive spaces and everyday homes, and with a design collection consisting of different sizes and colours it magically suits all styles and decorations.

# EBB&FLOW

## Family office in Barcelona

In all kinds of colours, the Lute sheds elegance over this decadent space. You can perceive an interior match made in heaven when you stare at the welcoming Lutes, the glass doors and the beautifully crafted walls all together.

## One Twenty Club Wembley in London

This most prestigious club in Wembley's history was redesigned in 2017 with a mix of general and decorative lighting that is used to achieve a 'one of a kind' experience. The Lute is a part of this redesign in the colours: topaz blue, chestnut brown, blue, green and smokey grey. The Lute pendant has also received a nomination in connection with this project at the globally recognised 'Restaurant & Bar Product Design Award' in the category 'Ceiling lights and chandeliers'.
